## AN INVITATION TO ACT NOW CONFERENCE

Dear Narayan Solanke,

You are cordially invited to join Act Now 2015 conference in Joensuu, Finland, 7- 11 Sep 2015. Act Now! is a biennial conference for schools, children, youth and stakeholders, organised by the ENO Programme Association. In 2013 the focus was on water, in conjunction with the celebration of the international year of water. There were 2500 participants from 41 countries.

Act Now 2015 will focus on renewable energy. The conference will take place in the city of Joensuu, Finland. Joensuu is located next to the Russian border and about 400 km North-East from Helsinki. In the main event 10-11 Sep, participants and partners arrange hands-on workshops according renewable energy. Workshops are various-sided and including games, drama, music etc. Other highlight will be ENO Action Plan on Renewable Energy that will be made during the conference..

Forests and tree planting will also be visible in the conference. In the Rio+20 Summit, ENO's commitment of planting 100 million trees by 2017 was highlighted in the overall summary of commitments, out of 700 pledges. In addition to nature activities, a strategy symposium for 100 Million Trees campaign and a seminar about renewable energy will be organized. ENO Green Cities Network and governments supporting 100 million trees campaign have been invited. We expect around 500 foreign participants from 50 countries to take part, in addition to Finns.

Conference fee is 200e that covers the overall programme and local transportation. Participants have to take care of their cover flight tickets, meals and accommodation costs themselves. Conference language is English. We work on to get some host families for free accommodation.

Joensuu, 14 July 2015

Sincerely,

A handwritten signature in black ink, appearing to read 'Mika Vanhanen'.
