INVITATION TO ATTEND AODC 2017 CONFERENCE IN ACCRA, GHANA

On behalf of the Organizing Committee we are pleased to invite you to participate in the 2nd Africa Open Data Conference (AODC) hosted by the Government of Ghana and supported by the Africa Open Data Collaboratives and partners. The Conference will take place at the Accra International Conference in Accra, Ghana from July, 20-21, 2017 with pre-conference events from July 17-19, 2017

The 2nd Africa Open Data Conference aims to strengthen the use of open data for innovation, job creation and growth in Africa. In partnership with civil society and private sector, Governments are modernizing their own processes, improving service delivery, and increasing transparency and citizen satisfaction. A world-class roster of speakers and open data experts committed to furthering the transfer of knowledge across African countries and globally will be speaking at the conference

We invite you to share in the knowledge and network with industry, business and governance professionals on open data from around the globe. The conference offers you an opportunity for face-to-face discussions and to introduce wide area of issues related to open data policy globally and roadmaps to reaching the SGD's by 2030. Additionally, you will be able to help drive the bottom up consensus model in developing open data policy.

You are responsible for obtaining any visas necessary for your journey should you require one. The present Letter may be used as confirmation of your participation in the 2nd AODC in Accra and may thus assist you in obtaining a visa.

For further information please visit the AODC official website at www.africaopendata.net.

To register for the conference please visit: www.africaopendata.net/

For any further questions and clarifications about the conference, please contact the AODC Secretariat at Secretariat@aodc-gh.info or call Gloria Nyantakyi +233-244884820

We look forward to your valuable participation in the conference and in the community of Open Data in Africa to learn, share, and celebrate how open data is improving the lives of people across the continent and around the world.
